

Privacy Policy for Integræ/SA-PP Cheat Scanner ISCS.EXE

This is a project made for helping the SA-MP Server SA-PP (San Andreas Police Pursuits) Staff Team to simplify the Staff Member's decision about the ban-appeals verdict, comparing signatures of known hacks previously saved in the database by the very Staff Team.

At **Integræ SA-PP Cheat Scanner (ISCS)**, accessible from <https://github.com/dannylbr/Stables/blob/master/IntegræSystems/ISCS.zip>, one of our main priorities is the privacy of our users. This Privacy Policy document contains what kind of information is collected and data saved by **ISCS** and how we use it.

If you have additional questions or require more information about our Privacy Policy, do not hesitate to contact us at <https://bit.ly/3Fo6GR4> anytime, or through any social media.

This Privacy Policy applies only to our online activities and is valid for the **ISCS.EXE** users with regards to the information that they shared and/or collect in **ISCS**. This policy is not applicable to any information collected offline or via channels other than this application.

Consent

By using **ISCS**, you hereby consent to our Privacy Policy and agree to its terms.

Information we collect

The personal information that you are asked to provide, and the reasons why you are asked to provide it, will be made clear to you at the point we ask you to provide your personal information.

How we use your information

We use the information we collect in various ways, including to:

- Provide, operate, and maintain ISCS
- Improve, personalize, and expand ISCS
- Understand and analyze how you use ISCS
- Develop ISCS new versions, services, features, and functionality
- Find, detect, and prevent fraud

Log Files

ISCS is a binary file scanner. It gathers and saves the information you provide, file signatures and their properties in a database – **SA-PP: <https://sa-pp.com/>** - no personal data is stored in any way. ISCS follows a standard procedure of saving a log in a database that contain all the information provided by the user:

- Nickname,
- Staff member selected
- Date and time stamp from the beginning of the scan and game related folders properties
- Matched files and path properties
- ISCSID (ProcessorId + main network card MAC address) used to identify the user device.

The scanner elects the files by having the same size of a hack and after this, it compares. Having the same signature of any hack file stored in the database, the information is saved in form of encrypted text to be accessed by the Staff after log-in to a second part of the application, showed only for the registered Staff Member ISCSID or Staff Members with Senior+ rank. The information collected can include folder names that may compose the elected file paths.

CCPA Privacy Rights (Do Not Sell My Personal Information)

Under the CCPA, among other rights, California consumers have the right to:
Request that a business that collects a consumer's personal data disclose the categories and specific pieces of personal data that a business has collected about consumers.

Request that a business delete any personal data about the consumer that a business has collected.

Request that a business that sells a consumer's personal data, not sell the consumer's personal data.

If you make a request, we have one month to respond to you. If you would like to exercise any of these rights, please contact us.

GDPR Data Protection Rights

We would like to make sure you are fully aware of all your data protection rights.
Every user is entitled to the following:

The right to access – You have the right to request copies of your personal data.
We may charge you a small fee for this service.

The right to rectification – You has the right to request that we correct any information you believe is inaccurate. You also have the right to request that we complete the information you believe is incomplete.

The right to erasure – You has the right to request that we erase your personal data, under certain conditions.

The right to restrict processing – You have the right to request that we restrict the processing of your personal data, under certain conditions.

The right to object to processing – You have the right to object to our processing of your personal data, under certain conditions.

The right to data portability – You has the right to request that we transfer the data that we have collected to another organization, or directly to you, under certain conditions.

If you make a request, we have one month to respond to you. If you would like to exercise any of these rights, please contact us.

Children's Information

Another part of our priority is adding protection for children while using the internet.

We encourage parents and guardians to observe, participate in, and/or monitor and guide their online activity.

ISCS does not knowingly collect any Personal Identifiable Information from children under the age of 13. If you think that your child provided this kind of information on our website or any Integræ Solutions application, we strongly encourage you to contact us immediately and we will do our best efforts to promptly remove such information from our records.
